

Epic

senior flash developer

Epic has been designing award-winning bespoke learning solutions for over 20 years. Our increasing workload means we urgently need a Senior Flash Developer to work at our Brighton Head Office.

As Senior Flash Developer you will be responsible for taking the lead on a limited number of projects and will work in close collaboration with the Technical Producer/TSO to produce documentation and manage the projects assigned.

we need people with:

- the ability to act as technical lead on projects assigned by the Lead Developer
- the knowledge to develop the most suitable technical solution that meets the client's needs and expectations
- the communication skills to ensure both internal and external customers are regularly updated on progress
- the insight to create an accurate technical budget and documentation for the solution
- the ability to work as a member of a team
- the communication skills to ensure the Lead Developer is regularly updated on progress and risks on all projects
- a willingness to keep abreast of developments in web based technologies and highlight opportunities for Epic innovation.
